

Administrative Office of the Courts Organizational Chart

The Administrative Office of the Courts (A.O.C.) administers all of Maine's state courts. This does not include the Probate Courts, which are managed at the county level. The A.O.C. provides support services to the court system including fiscal and personnel services, technology, planning, facilities management, grant oversight, public information, library administration, statistical reporting, training and education.

The chart below represents the structure of the Administrative Team.
